Welcome to the Artifact Template

This template is designed for use in the NICE Microcredial Certification.

Please keep the styling in the template as you see here. If you change the styling in the artifact (colors, fonts (sizes may be adjusted), etc.) your submission will be returned. Refrain from any unnecessary images i.e. clip art.

You may remove this slide at the time of your submission and add additional slides as needed.

Any italic text may be deleted at time of submission.

Competencies Addressed

List all competencies addressed by this artifact. *See competencies handout for complete list (the handout can also help you keep track of how many competencies you've addressed. Remember, you can only use up to 5 competencies)*

Media Release

Do you have a Media Release for the individuals in this artifact?
Yes No

Documentation

List the items that you are including as documentation for this artifact. See the handout Documentation Information and Formats for more instructions.

Insert URL/s, Images, File Name (if unable to include within this slide deck) your documentation here. You may add additional slides.

Additional Information

Please include or detail any other information that would provide context to your reviewers.

Citations go here if they are not embedded in your work.

Explanation

1. Please list each competency and describe how you have demonstrated the specific knowledge or skill.

Explanation Continued

2. Describe and explain your documentation so your reviewer can understand it better. This is your opportunity to provide additional context for the documentation. Examples are: what are you doing with the client/student, what is the student doing, why did you select this documentation?
